Est' 5:48pm				Presentation & Conclusion of Programme	

"If you can't stop thinking about it, don't stop working for it.

To achieve your best, "good enough" is never enough.

If there's some little detail nagging at you; a detail you know would be the difference between good and great...dig in and get it done.

You'll never be sorry you pushed yourself but, might have regrets that you didn't."
